Petition for Noncredit Grading

UC Davis Extension grading policy provides that a student in a course approved for academic credit is assigned a grade by the principal instructor at the end of the course. Students enrolled in an academic course have the option of attending the course without completing the required coursework (auditing) and receiving a noncredit grade. The *NC* grade indicates attendance.

Before the conclusion of the course use this form to confirm your intention to attend the identified academic course for non-credit. The instructor will be informed of your request for *NC* grade. UC Davis Extension will not collect or maintain coursework or grade information for you in this course and there will not be an option to obtain an academic grade for this course at a later date.

Student Name

Customer ID #

I request noncredit grading in the following course:

Course Title

Section#

Student Signature

Date

Please return your completed petition to UC Davis Extension by fax at (530) 757-8558, or by mail/in person to the address above.
Give a copy of the form to the instructor.

If you have any questions give us a call at (800) 752-0881.
